Sparkling Clean Beaches? The Results are In!

We're excited to reveal the results of our most recent beach clean-up events!

We've had 3 beach clean-up events in the last month or so, recently in Grand Bend and Sarnia, then earlier in August in Kincardine. We are so thankful for the community and partner support these events received; thanks to all of you, our beach cleaning efforts were a success!

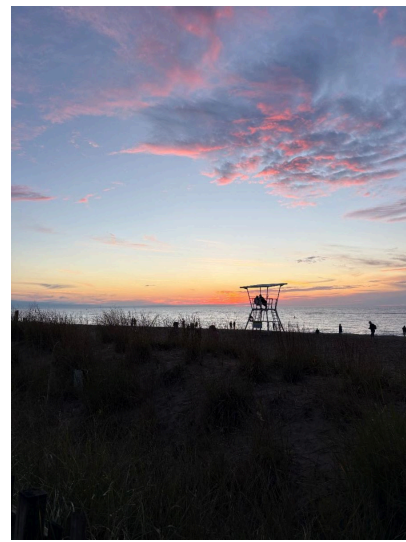

On August 15th, in Kincardine, **79 volunteers** equipped with work gloves, buckets and grabber sticks fanned out over the beach and surrounding parkland to collect a total of **37 pounds** of garbage and litter.

On September 3rd, in Grand Bend, **15 volunteers** worked hard to collect an astounding **33 pounds** of garbage across half a kilometer of shoreline.

Last Saturday we held our Sarnia beach clean-up which has **110 volunteers** remove **123 pounds** of garbage from the shoreline! What a success!

We at the Lake Huron Coastal Centre tip our hats to all volunteers who showed up at both of these events, and encourage those who can to join us again this month for our upcoming beach clean up event in Port Elgin.

A huge thank you to our partners and supporters.

We are proud to say that so far in 2026, **422 volunteers** have removed over **693 pounds of litter** from the shores of Lake Huron.

None of this would be possible without our sponsors, community partners and valued volunteers.

Kincardine support: ChevRon Solutions, Lions Club of Kincardine, KEAN, Huron Bruce Nature, Municipality of Kincardine, & Pollution Probe

Grand Bend Support: Lambton Shores and a special shoutout to Lynn Tremain for setting up an educational litter display!

Sarnia Support: Climate Action Sarnia-Lambton, Lambton College, Great Lakes Refill Co., Rotary Club of Sarnia-Bluewaterland, & Lake Life Studio

It is safe to say we *litter*-ally could not do this without all of you!

One Water Gathering

Date: Thursday, October 1st & Friday, October 2nd, 2026

Location: Alpena, Michigan, US

Who?

The Lake Huron Forever initiative is made up of shoreline community foundations and conservation partners from the United States and Canada to advance water quality protection and healthy, sustainable communities on both sides of the lake.

What?

The One Water Gathering run by Lake Huron Forever is an international event bringing together people from both sides of Lake Huron to explore solutions, share best practices and celebrate a sustainable future for our shared Great Lake. The event will center on resilience, built on three pillars: planning, action, and philanthropy.

To explore these themes and how they play a part in protecting water quality and sustainability, programming, networking and outdoor activities are on the schedule for Thursday and Friday. Learn about new projects, hear from involved youth, and reflect on resilience and how to achieve long-term watershed protection!
